Gary,

Do you have an update of volume discharged since you sent me the first spreadsheet which covered 11/5 – 11/11? Hope you have Happy Holidays.

Thank You

Allan:

We have a trailer on the CES Property. I think the address at the trailer is 4900 Griggs but the facility address is 4904 Griggs. We would like to use the current on-site sanitary lift station/manhole on the facility at 4900 Griggs. It would be nice to visit with you at the site tomorrow. Please call me on my cell phone at 214.789.1627. We are hoping to get started dewatering the facility early next week.

Thanks for your help.

Gary,

As I predicted, the manhole has a plug. We will come out, inspect and remove the plug. I gave your number to Mr. Allan Warren who will help you with discharge route. Have a good weekend.

Thank You
